[REDACTED]

Good Afternoon,
Last night an attempted break in occurred in our neighborhood. A late teenaged African-American male wearing a dark bomber-style leather coat, a leather winter hat with ear flaps and printed pajama pants was seen prowling between the 1300 and 1400 building at approximately 8:30pm. The suspect even attempted to deceive witnesses by standing in the victims front yard smoking to give the false perception that he was the resident.

Fortunately the resident was known to the eyewitness and the suspect was not related to the resident. The police were notified and arrived promptly; however, The suspect eluded the police. Unfortunately, one of the residents in the 1400 building. Had left visible open access to his home, had no lights on and no car in the driveway. It appears the visible open access interested the suspect as an "easy target". As Wendy Dorival told us in the annual meeting, most burglaries occur as crimes of opportunity. This same suspect has been seen taking discarded furniture placed on the curb side on the evening prior to trash collection day. As you are aware last night was the evening prior to trash collection this morning. Please always remain alert particularly the evening prior to trash collection for any suspicious persons. Most importantly, keep your home secured at all times and if possible with an occupied appearance. To summarize, the suspect is a late teenaged African-American male approximately 5 feet 10 inches tall and is not believed to be a resident of the neighborhood. If he or any suspicious persons are seen do not hesitate to call Sanford police non-emergency [407-688-5070](tel:407-688-5070) or if you see a crime in progress dial 911.

Please contact me directly at [REDACTED] with any questions, comments or concerns regarding the content of this message.

Thank you,
George M. Zimmerman
